

The FAST TRACK PACK:
Training for your new distributors.

STOP Distributor Drop-out by 80%

You know how much it hurts you in lost time and money when a distributor drops out . . . so *the most important component in your business is the training you give your new distributors in the first 48 hours.*

The **FAST TRACK PACK**, by Randy Gage, is the collateral support resource to train your new distributors on how to be a "business" person.

Use these generic training tools, and to turn 80% of what used to be dropouts — **into productive distributors!**

In the FAST TRACK PACK you get:

- **What You Need to Know First CD.** You and your new distributors will discover the mindset you need to succeed, who your mentors should be, what a duplicable system is and the only two ways you earn income in this business. This is the audio you — and your people — must listen to **first**, before you start the mlm network marketing business.
- **Getting Started CD.** Give this audio to your new mlm distributors to get them started fast. It will take your new distributors through the all-important beginning work — to set a duplicatable foundation to build on. Includes making their list, setting realistic goals, becoming product-focused and scheduling.
- **First Steps booklet.** This 36-page booklet goes hand-in-hand with the Getting Started audio to start your new distributors right — following a duplicatable system — so they make money — so you make money
- **Secrets of a Dynamic Day CD.** This inspirational and motivational audio is designed for you — and your people — to listen to daily, during your self-development time. In addition to its uplifting message, there are reminders about goals, appointments and follow-through — to keep you focused — and moving closer to your dreams each day.
- **Check Out the Biz DVD.** Randy Gage conducting a live generic opportunity meeting that was filmed live before an audience of more than 100 people. It offers an exciting and compelling presentation for your prospects. Use it to speed up your sponsoring and duplication rates.
