

Getting Rejected!

Lifestyle Freedom Pack

The hardest part of networking for most people is facing rejection from their friends and family.

Here's how you can remove rejection from your sponsoring process.

Use the Lifestyle Freedom Pack to screen out non-prospects and qualify the real ones.

Basically, this is an opportunity meeting in an album! It helps you sponsor faster, and duplicate easier. The Freedom Pack contains the **Escape the Rat Race CD** and the **Money for Life Special Report**. The CD is a recording of **Randy Gage**, conducting a LIVE opportunity meeting. Randy's a dynamic, compelling speaker and he really drives home the benefits of network marketing in

a way that prospects understand. He also describes the concept and establishes the credibility of the industry. It's like having Randy as your sponsor, making your presentations for you. This tape has sold millions of copies for a good reason—it works! (For Spanish-speaking markets, we suggest using the Spanish adaptation of the tape, Huya De UN Futuro Sin Mañana.)

The Money for Life Special Report is the follow along companion for the tape. It will further your prospects' understanding of the business opportunity and let them see how leverage and residual income work.

We packaged them together in a beautiful album that depicts the lifestyle, or you may order them separately. Put these profitable resources to work in your business today!
