

The Midas Mentality:

Expecting and Accepting Your Abundance

It is the first resource of its kind, ever developed in the world. It will transform you from lack and limitation programming to prosperity consciousness.

For 31 days, Randy Gage will work with you, helping you go through the same transformation that he did. Level upon level, he will help you peel away limiting beliefs and replace them with beliefs that serve you. Level upon level, he will help you identify fears and conquer them. He will guide you in a metamorphosis of your thought process—from how sick, unhappy and broke people think— to the way healthy, happy, rich people do.

The Midas Mentality is a multi-media format, scientifically developed to literally change the way you think. You will create new neural pathways in your brain, develop your critical thinking skills, and foster whole brain synchronicity between the two hemispheres of your brain.

You will develop the multi-millionaire's mindset, which is the first—and most critical—step to becoming open.

This program goes beyond anything that has ever been done before. Randy takes the tireless wisdom of prosperity and gives you practical application on how to apply it in your day-to-day life. Randy Gage has been known to earn:

- \$45,000 in a morning;
- \$200,000 in a weekend; and,
- More than \$500,000 in 20 minutes!

In this breakthrough program, Randy Gage reveals the secrets of manifesting true wealth and abundance in your life. You'll learn vital, never-before-released

information on how prosperity really works, and what you can do to manifest it in your life.

It's a total program, designed to change your consciousness from lack to limitless. Randy is a Jedi Master of wealth and prosperity. **By the time your 31 days are over, you will be a new person. Really.**
