

## Ford Saeks' Byline for Articles

As President & CEO of Prime Concepts Group, Inc, Ford's extensive background in the business world and the Internet provides his clients with a unique advantage. His practical marketing approach and proven strategies have been applied across a wide range of industries and applications. He has successfully founded 10 companies, received three U.S. Patents, sold millions, serves on the board of the National Speakers Association, and is the genius behind many successful ventures.

He has helped thousands of people improve results, monetize their websites, leverage social media, and expand market share. He shares real-life insights through entertaining, interactive and fun presentations. An entrepreneur in every sense, he'll relate to your audience as someone who has been there in his own ventures and with his many clients.
