Profit-Rich Marketing Mastery Event Unveiled

New Three-Day Event to Reveal How to Boost Sales With Direct Response & Internet Marketing Secrets

Wichita, KS—Regardless of whether you're the CEO or an entrepreneur, a sales manager, marketing director or business owner—your business can't grow without adding value and making a profit.

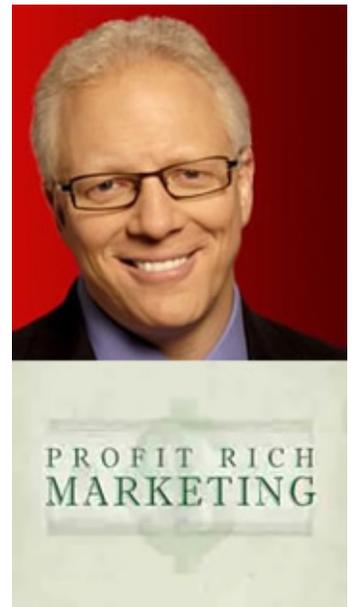

If you've ever imagined what it would be like to have an insider's peek at the secrets of increasing your sales as much as 500% or more, stop dreaming—your opportunity has arrived.

Expert marketing guru Ford Saeks has announced that he will be conducting the "The Profit-Rich Marketing Mastery Event" in Orlando, Florida on April 4-6, 2008.

"I'm going to reveal to a select group of individuals who want to join me for a weekend event that will transform the way they brand, market and promote their products and services," Saeks said during the announcement of the event in December.

"I'll show you how to create, improve, and implement proven strategies to increase your sales and give you a competitive edge... regardless of your products, services, prices, or industries," he continued. "If you need to launch a new product, develop a publicity campaign, get higher rankings in the search-engines, use your website and the Internet more effectively—then you need to be there."

Unlike any workshop, seminar, or Boot Camp you may have attended in the past, Saeks promises this event will be the most comprehensive, relentlessly detailed, hands-on training ever conducted on how to grow your business through Direct and Internet Marketing tactics.

Attendees will discover how to:

- Improve results from their marketing efforts.
- Re-ignite creativity to come up with new ideas “on demand.”
- Design the best product pipeline and business model.
- Package and price products and services for optimum sales.
- Harness the power of publicity for new leads and to dominate the competition.
- Market products through dealers, affiliates, and JV partners.
- Make small databases outperform much larger lists.
- Develop a stream of prospects to fill your online and offline databases.
- Create ongoing cash flow as well as periodic HUGE paydays that suck in more money than most earn in a decade.
- Discover and evaluate potential niche markets.
- Know what kind of websites you need to sell different products and services.
- Find programmers and explain how to build these sites to produce the most sales at minimal cost.
- Work the search engines, pay-per-click sites, Yahoo, and Google AdWords programs to affordably bring more traffic to your site.
- Write emotionally charged, attention-grabbing, sales-generating copy for your marketing materials.
- Effectively sell products and services through direct-response marketing strategies to increase sales and profits!

Saeks added that at this unique hands-on marketing event participants will also learn to sell even better by “remote control,” both online and offline through:

- Innovative Marketing Campaigns.
- Websites (yours and others!).
- Free publicity.
- E-mail newsletters (E-zines).
- Catalogs and “magalogs.”
- Content-rich blogs.
- Display advertising.
- Classified ads.
- Direct-mail campaigns.
- Tele-seminars and webinars.
- Public seminars and workshops.
- Infomercials.
- Online e-courses.
- Consulting services.

This three-day marketing mastery event is designed for fast, in-depth training for marketing professionals of all levels of experience. According to Saeks, the event is perfect for:

- Business owners and leaders who want to dominate the competition.
- Professional speakers stuck in the broken business model of chasing after a different audience for speeches every week.
- Writers who finally realized that giving away all their information in \$20 books is keeping them broke.
- Computer “geeks” who want to make serious money with their skills.
- Consultants caught in the “trading-hours-for-money” trap.
- Anyone involved and interested in finding, attracting, and keeping their customers.

“This is not one of those ‘talking head’ seminars that leave you in a coma by the time it’s over!” Saeks said. “This is a powerful, hands-on, interactive event with real Hot Seats, case studies, and exercises that will have participants working on their own projects while they’re there! It’s interactive and experiential, so you learn by actually DOING!”

Any participant is eligible to be selected for a free “Hot Seat,” where their project or concept is expertly analyzed and evaluated by Saeks. There will be “Hot Seat” critiques for marketing materials, publicity campaigns, product development, packaging and pricing, website critiques, and more.

Saeks added that no one need worry about “memory overload,” because attendees will create a blueprint for where they want to go, and take away a specific Action Step list to follow the second they get back to their offices.

Benefits of Attending.

According to Saeks, there is no substitute to attending this one-of-a-kind “live” training program. The chance to be able to ask questions in person and sort things out cannot be taken lightly. And prospects should not discount the added learning opportunities that come from actually being in the room as marketing campaigns are created right in front of them. If you are one of the fortunate few to be selected for a Hot Seat, the value to you is incalculable!
